DAVID J. MALAND, CLERK

Docket # 1-97CR146
Motion For Relief Of
Supervise Release

Your Honor, I Lazaro H. Minto is respectfully requesting early termination of my Federal Probation.

Your honor, I have paid all my financial obligations, finished all required drug/alcohol obligation classes.

As of right now I am on a monthly Electronic reporting status as of my release from the half-way house

on May 11, 2012. I have had no incidents since I was released from Federal Prison on October 18, 2011.

I am doing my up-most to leave my past behind and continue with the fresh start I have been handed.

While on Probation I have been continued employed, attended Smith & Salomon Truck Driving School

And have been employed with Roadtex since February, 2013. I am currently working on Property I inherit

From my Parents, Doing dire needful home improvements. Since the Passing of my Father, I have been

Handling the financial obligations of my elderly Mother who has onset of Dementia.

Your Honor, I have done almost three years of a five year Probation Sentence. During this time I ponder

My actions and I today acknowledged they were Illegal and Morally Wrong.

Your Honor, one of a few Reasons I'm Requesting early termination is so I can move on with my life, and

Advance in my career. When I am offered a greater opportunity and conditions were to pass a

background check, I cringe at the failing results. I get informed to return for employment once my

Probation Terminates.

I Humbly, Thank Youm, for Considering my Request.

Sincerely
